

**Baudoin Ocean Wash-Systems b.v.** is constantly working on new developments, techniques and innovations in the area of Super Yacht, Boat and Cruise line cleaning installations and accessories. By using our innovative water filter system the Super Yacht can be cleaned without using soaps and detergents. The biggest advantage of our system is that drying after cleaning will be unnecessary, this because the pure water dries without leaving any white spots and/or stripes.

With over 30 years of experience in the industry as a producer of various wash systems Baudoin Ocean Wash-Systems offers answers and solutions to every cleaning problem! Please find below some examples out of our wide range of products:

**Baudoin Ocean Pure Water filter units**

As a manufacturer, we have many years of experience in producing and developing our own Water filtration Units. Therefore we are able to provide custom made units for every type of boats and yachts (from 10 meter upon till 100 meter +). Pure water capacity of 3500 – 48.000 litres per day.

**Baudoin Ocean Series Carbon washing poles and accessories**

Baudoin Ocean Wash-Systems B.V. develops and produces its own special ergonomic and light carbon poles, brushes and accessories. The poles are very strong, light and easy to handle. The brushes are available in different shapes, colours, thickness and material and are fitting onto the carbon poles.

We offer for our poles a wide range of standard brushes and accessories. Due to the fact we have our own workshop, we can also supply custom-made brushes and accessories (on request).

**Baudoin Ocean Wash Tender**

The custom made Ocean Wash Tender is a multifunctional boat for the crew which can be used as a safe Tender Boat; for cleaning the Super Yacht; transportation and for example diving, water-skiing and much more. Besides above mentioned items, the boat is also Solas Proof. The Ocean Wash Tender is available in multiple models and colours and is available from 5 until 12 meters long.
